All Ducks handmade by Michael Foley

Ducks For Cancer is a 501(c)(3) Charity

EIN: 87-4466779 (Ducks for Cancer)

We got this!

About the mission

In 2010 my father died from cancer. In 2015 I lost my sister Kathy to lung cancer, and in 2017 I was diagnosed with stage 4 lung cancer.

By the time I was diagnosed the cancer had spread to my brain, kidney and hip. Treatment has included 2 brain surgeries, 70 plus sessions of radiation, 2 clinical trials, chemotherapy and now immune therapy.

My family has been through a lot, but sometimes I say this is the best thing that ever happened to me. I wouldn't have made it this far without the support of my family and friends.

For Christmas in 2020 I decided to make replicas of the ducks my father had made as gifts for my kids, relatives and friends. I received a lot of additional requests for these ducks from people who saw them so, I decided to "pay it forward" for all the love, prayers and support I have received during this battle by making them and donating over half the proceeds going to the Chemo Bag Project, Pink Revolution and Lucy's Love Bus.

The remainder is used to purchase more materials and keep this charity growing.

BUY YOUR DUCKS LOCALLY

Apple Meadow Hardware

Barn Door

Farmers Exchange

Kimball Fruit Farm

R. Wilkins Farmstand

These stores take no profit when selling these ducks.
[Please support these stores.](#)

You can always order online, and your ducks will be shipped

About the Ducks

When these ducks are sold the customers' first name/last initial will be listed on the website. At least half the sale price is donated to charity.

The larger two ducks (23"/14") are sold for \$80.

The smaller ducks (7") is sold for \$25.

50% of the sales is split among the 3 charities and all duck owners are listed on the donor's page on the website.

All ducks have a "my" lifetime guarantee.
